

CAMPUS MODIFICATION DRIVE

Date: 20.07.2022

Day: Wednesday

Time: 10am-3.00pm

As part of Care Club activity, students of second year MSW Batch (2020-2022) initiated a campus renovation drive to modify specific areas and make it attractive. For this, the group of students with support from college authorities and department faculties started the venture by 10am. There was active participation from all students and they took initiative to clear off unwanted materials from the area. They also planted flowering plants to make college campus attractive. Refreshments were provided in between. Students received immense appreciation from college authorities for this initiative. Further proceedings for next level of campus modification are to be undertaken in upcoming days.
