WEBINAR → PRINCIPLES OF FIELD TECHNIQUES

Date : 27/08/2020

On 27th August 2020, the PG department of Geology, Mar Sleeva College of Arts and Science conducted a national webinar on 'Principles of Field Techniques'. The key speaker was Lakshmi S, Assistant Geologist, GSI unit, Karnataka and Goa. Several students from different universities participated in the national webinar conducted by the PG department of Geology. In this webinar, the key speaker introduced several field equipment. She talked about how to map in a less exposed area, how to prepare a geological map and also spoke about the career opportunities in Geology after Masters in Geology.

Objectives

- To provide training in observation.
- To stimulate interest in field and learning.
